

Co-op Song

Doing it Together

By D J Pyle and C A Naus

For group vocals with optional instrumentation

In the style of a work song
(clapping and stomping encouraged)

(Verse 1)

C
I used to have a boss
F
Who would tell me what to do
C
I worked real hard
F
The whole day through
C
At the end of the week
F
A soul I would lack
Am (C)
So I walked out the door
F E
And I'm never going back

(Chorus)

F
We're doing it together
C G
For ourselves, for fun
F
For something to do
C
All it took was me and you

(Verse 2)

C
You can't eat money
F
But you can eat bread
C
We're kneading what we need
F
So we all get fed
C
From the cracks in the concrete

F
There's treasure to be found
Am (C)
As the machinery of capital
F E
Crumbles to the ground

(Chorus repeat)

(Verse 3)

C
So walk into the future
F
While facing to the past
C
By learning through doing
F
The possibilities are vast
C
So don't just stand there
F
Staring at your feet
Am (C)
Because the fight for liberation
F E
Will never be complete

(Chorus x2 - slowing down for ending)
